

This is the destination for the enthusiast seeking some of the best snow in the Alps. Val Thorens is Europe's highest resort, but still at only 7,550 feet altitude, with lifts extending up to 10,500 feet. Here the snow is backed by a guarantee from Christmas until early May. (See www.snow-guarantee.com.)

There are extensive slopes (about 100 miles of runs), suitable for all skill levels, surrounding the compact resort. And it's off-piste heaven.

That's only the beginning, of course. Val Thorens is located at the end of one arm of Les Trois Vallées, with over 200 lifts and 400 miles of runs, the worlds largest integrated ski area.
